Re: Comprehensive Investigation Report and
Remedial Alternatives Analysis (RAA)
Swann Park, Baltimore, Maryland

Dear Mr. Zimmerman:

The City of Baltimore requests an extension of three (3) weeks to submit the RAA required by the Order issued to Honeywell and Baltimore City on April 24, 2007. Honeywell International, Inc. also supports and agrees to this request. Pursuant to the Order, the RAA is due to be submitted to the Maryland Department of the Environment on September 14, 2007. This three-week extension would extend the due date from September 14, 2007 to October 5, 2007.

The City recently received the Draft RAA, which consisted of over three (300) pages including appendices. The City needs more time to assess the voluminous information and to confer with our consultants, the involved City agencies as well as with Honeywell prior to signing off on the final submission.
